GREENWICH JAPANESE SCHOOL ENGLISH NEWSLETTER

With one final snowstorm to end the season, we can finally see the beginnings of spring. At GJS, that means the end of the school year is approaching. Students have been studying English all year and the English Department is so proud of their progress and effort.

In one of the 5th grade English classes, students have been working on a variety of things in English class, such as vocabulary, spelling, reading, listening and speaking. One part of speaking practice is answering questions usually asked in everyday conversation. For a speaking activity, students came up with questions that might come up in everyday conversations and those questions were all written on pieces of paper and placed into a "question bag." Students took turns choosing a question at random and asking their classmates. Some of the questions included "What is your favorite subject?" "Do you like to play indoors or outdoors?" and "Which game do you like?"

They are also practicing answering follow-up questions such as "Why?"

We are looking forward to continuing to study English in the new school year!
